Work Experience

Robinhood   *Expected Sep 2021*
Incoming Backend Engineer

Duffl (YC W20)   *Nov 2019 – Sep 2020*
CTO
- Built delivery service at UCLA making $26K/week, growing an average of 16% weekly in revenue since April, and serving 4000 UCLA customers
- Led engineering and product; heavily contributed to strategy and growth
- Designed and built duffl.com from scratch, and then led hiring process to recruit UCLA's most ambitious software engineers
- Took time off school to focus on Y Combinator W20 accelerator
- Helped fundraise $400K of $1.2M seed round at $3-5M valuations

Robinhood   *Jun 2020 – Sep 2020*
Backend Engineering Intern & South Park Commons Fellow
- Led backend design and implementation for new API used by all users
- Presented 18-page document to stakeholders, which outlined API design and assessed tradeoffs of hosting logic on various backend services
- Was one of two interns selected to present internship work at all-hands
- Quit Duffl after Robinhood's VP of Engineering set up a series of unique opportunities for me
- Shadowed user research study to identify the unmet needs of Lists
- Drafted and pitched PRD about my vision of Lists 2.0 to Product team
- Wrote article about my internship, which generated 11,000 views on Medium and will be used by Robinhood's brand and recruiting teams

Symantec   *Jun 2019 – Sep 2019*
Software Engineering Intern
- Led design and implementation of feature to track compliance of all Norton SWE teams
- Received two WOW awards for "above and beyond performance" from an engineer I worked with in my free time and from a Technical Director

LSAT Engine   *Feb 2019 – Nov 2019*
Frontend Engineer (Part-Time)
- Created entire frontend for digital testing software used by 100+ WAU, which uses OCR data to allow users to highlight words on PNG images

Education

University of California, Los Angeles
- B.S. Computer Science
- Expected June 2021
- Cisco Scholarship Recipient

Technical Skills

- JavaScript, jQuery, React
- Python, Django, DRF
- C, C#, C++, ASP.NET
- HTML/CSS
- SQL

Leadership

Bruin Entrepreneurs
Director of Engineering
- Led the technology team of the largest student-led UCLA entrepreneurship organization
- Created websites to showcase our endeavors
- Met with UCLA Chancellor and student leaders to discuss the future of entrepreneurship at UCLA

High School
- Raised $40K for childhood cancer research as President and Founder of Interact Club
- Led drum sections of all bands as Percussion Captain
- Won first place in national solo competition (PASIC)
